Subject: Approval of Notice of Intention to Commence Large Mining Operations Ames Construction Company, Lincoln Pit, M/049/0086, Utah County, Utah

Dear Mr. Boteilho:

The Division of Oil, Gas and Mining approves the referenced Notice of Intention to Commence Large Mining Operations (Notice) and associated reclamation surety. The public comment period has ended with no adverse comments. The Division now permits you to begin mining operations as outlined in your Notice provided you have approval from all other appropriate agencies. Approval by the Division does not negate requirements to obtain approval from other agencies. The permitted disturbed area is 40.3 acres. The surety will be reviewed periodically to assure that the bond remains adequate.

Enclosed is a copy of the "approved" Notice of Intention to Commence Large Mining Operations for your files. Please keep your plan current by submitting changes using Form MR-REV-att, which is located on the Division's web site at [www.ogm.utah.gov](http://www.ogm.utah.gov). Also enclosed are copies of the reclamation surety and reclamation contract.

All future correspondence should reference M/049/0086. Thank you for your help and patience in finalizing this permitting action. Please call me if you have any questions in this regard.

Sincerely,

Dana Dean, P. E.

Associate Director of Mining
